

Inclement Weather Policy

Part A: Target's Montgomery County offices follow Montgomery College for our closure policy. If Montgomery College is **closed due to inclement weather**, then Target's programs and services will not be provided for that day. If Montgomery College is **delayed due to inclement weather**, Target's Montgomery County office will open at its regularly scheduled time of 8am.

During the colleges scheduled closing (winter break), Target will determine the closure at our discretion. Target may also choose to close early at their discretion based on inclement weather. The emergency line for closure information is 240-632-1434, Ext. 10. All families will also be emailed by their Supported Employment Manager.

Part B: In the event that Target is closed and a job coach will not be working with clients, it is the responsibility of the individual to alert their employer they will not be able to make it to work due to inclement weather. Target staff will not be responsible for calling individuals out of work.
